

# 2021-2022 Calendar Survey Results

What is your relationship with Albany ISD?

177 responses

Would you prefer to start school in mid-August and end in May or later August and go into the month of June?

177 responses

Do you want to keep 3:00 release time on Fridays?

177 responses

- Yes
- No
- No preference

What would you prefer for Thanksgiving Break?

177 responses

- Full week off with fewer other holidays
- Go full day Monday and have Early Release on Tuesday

Would you prefer a teacher workday on January 3 or Students return that day?

177 responses

- Teacher Workday
- Students return

Would you prefer Stock Show Holiday?

177 responses

Would you prefer Martin Luther King Day?

177 responses

Would you prefer President's Day?

177 responses

### Which week do you prefer for Spring Break?

177 responses

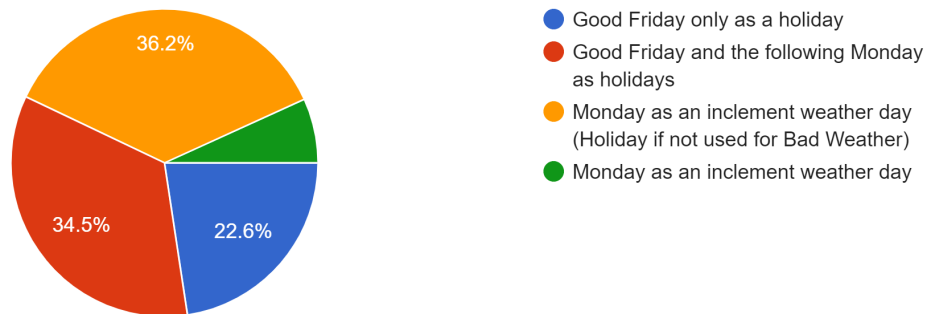

### Is the date or following neighboring school districts (Abilene, Breckenridge) Spring Break more important?

177 responses

### What is your preference for Easter weekend?

177 responses

What day would you prefer Graduation?

177 responses

**Please add any comments or suggestions that you would like the Campus Committees to consider when making the 2021-2022 School Calendar.**

**Winter holidays - NO to taking both MLK & Stock Show day in same week. These are too soon after the Christmas/New Year break.**

**N/A**

**It makes it easier on Tri County if all school have the same spring break. It impacts OT, PT, SPED Counseling, Speech Therapy and mailing notices from Stamford. For example, Stamford is off the week before Albany. I am having notices mailed March 5 for ARDs for Mar 31 ARDs. (But I won't be here, LOL)**

**I would say I would prefer our Spring Break to match other schools in our districts rather than simply our neighbors.**

**Good Friday and the Monday following as a bad weather day is my vote.....wasn't sure if that is what the last option meant. I think an extended break is nice as Easter is later in April of 2022. Wouldn't mind full week for Thanksgiving if we lose MLK and Presidents' day.....don't want to take all 3.5 days.**

**ALL of the above AND 4 day weeks!!! ;)**

**I always appreciate being off on Federal holidays or let the kids come on that day and I will take a personal day, but I don't like it when we have a staff day on a Federal holiday because that is when my wife is off and I like to go with her when she leaves town!**

**Let them have prom! I don't think it's right for sports and stock shows and uil to go on and canceling prom and winter formal! Some kids really look forward to these events that may not be in**

sports or stock show. Maybe no out of town dates, or wear masks but to keep canceling these things isn't right while allowing sports and every other activity.

I would prefer as a coach in the spring having our spring break align with our district competition rather than what Breck or Abilene does. But that is from me and a coaches perspective

I'm all for a 10am-5pm workday!! I love a late start!

staff return 1/4 or 1/5, and students return the following day after Christmas break start later unless they require student athletes to begin on august 1st. Otherwise, start as early as possible if the district is going to require athletics to start on august 1.

I think that students deserve time off but how many times in Texas do we have bad weather. I think extending Thanksgiving and using the holidays for them or bad weather days etc. Or at the end of each year for bad weather days end school sooner using them bad weather days. And as for presidents day..... well I am not a Democrat and I refuse to celebrate that day with who we have as president ask me again in 4 years.

Yes

Thanks for seeking feedback!

Na

As a general rule, I think one student holiday per six weeks is a good policy. Obviously there will be more certain six weeks.

Teachers and other school folks, I respect and will go with what is best for you as you are the best!!

School start time at 0800 rather than 0750. :)

I work for the Abilene school district and I understand you can't match up every holiday, but it is very difficult when my child does not have school and I do. If our spring breaks matched we could actually do something but as it is my child is stuck at home bc I work during her break.

None

None

Appreciate all your work!!

Thank you for trying to make everyone happy.

Thank you for asking our input!

You all do an amazing job !!

I think when you try to decide Spring Break, please check with college schedules, as well. I had a Junior in High School and a Freshman in college a few years ago and they were a week off on

**Spring Break. It makes it difficult with parents of 2+ kids to plan this way. Just a thought. Good Luck trying to please everyone. It is virtually impossible! :)**
