Albany Independent School District (AISD) is committed to integrity and fairness in the conduct of all of its activities. Inevitably, the interests of Board of Directors and Staff will involve them in organizations, causes, and other endeavors that intersect with the affairs of AISD. This conflict of interest statement is intended to give guidance on disclosure of conflicts. This conflict of interest statement applies to all persons holding positions of responsibility and trust on behalf of AISD, including, but not limited to members of the Board of Directors and AISD staff (Board/Staff). Individuals worthy of affiliation with AISD will govern themselves by the spirit of this statement.

- Each Board/Staff has the duty to place the interest of AISD foremost in any dealings on behalf of AISD. This accountability supersedes any conflicting loyalty to business interests, personal interests, or paid or volunteer service to other organizations.
- No Board/Staff will derive any personal profit or gain, directly or indirectly, due to his/her service to AISD.
- The conduct of personal business between any Board/Staff and the organization is prohibited (no self-dealing).
- Board/Staff may not obtain for themselves, their relatives, or their friends a material interest of any kind from their association with AISD.
- If a Board/Staff has an interest in a proposed transaction with the organization in the form of a significant personal financial interest in the transaction or in any organization involved in the transaction, or holds a position as trustee, director, or officer in any such organization, he or she must make full disclosure of such interest before any discussion or negotiation of the transaction and abstain from decision-taking actions. With disclosure to other participants, the work of AISD is furthered by the willingness of conflicted persons to share information bearing upon the matter under consideration.
- No Board/Staff may accept any payment or article of value from a grantee, potential grantee, or supplier, except nominal hospitality such as meals or token recognitions. In general Board/Staff should make every effort to decline to accept gifts on behalf of the AISD, but in cases where it could be considered ungracious to decline, the AISD representative should make clear that the gift is being accepted on behalf of, and will be given to, AISD.
- If a conflict, or the potential appearance of a conflict exists, Board members must recuse themselves by not influencing, attempting to influence, or participating in that discussion and/or vote.

In general, affiliations or interests should be disclosed as part of AISD's decision-making process whenever there is any doubt about whether disclosure is required. Please list below any groups, organizations, businesses, etc. you/spouse/parent/child are involved with as a board member, volunteer, staff person, consultant, etc.
