

Albany Sports TX Live Sports Broadcasting

The Albany Sports TX broadcasting team, including AISD's Technology Director, Matthew Howard, Video production classroom teacher, Ryder Peacock, and several AHS students will produce the first-ever AISD live broadcast this Friday, August 25, 2023. They will be joined by the exciting play-by-play callers Tony Wheeler and Kevin Hill as the Lions take on Lubbock Trinity in Lubbock. The live-broadcast can be viewed free of charge by clicking the YouTube link located on the AISD webpage @ www.albanyisd.net.

Additional live broadcasting for other sports will soon be aired. It is our goal to provide live-streaming productions of several volleyball, basketball, softball, and baseball games throughout the year. It will be exciting to watch the players on the fields and courts this school year as well as the development and growth of our student-involved broadcast program as they learn the trade of providing a quality live-broadcast.

Anyone interested in purchasing advertisement packages can contact Matthew Howard at mhoward@albany.esc14.net. All proceeds from advertisements will go directly to Albany ISD broadcast program.
