At the beginning of the 2020-21 school year, did you notice a greater than normal (normal meaning the normal summer slump) level of learning loss in your student(s)?

3 responses

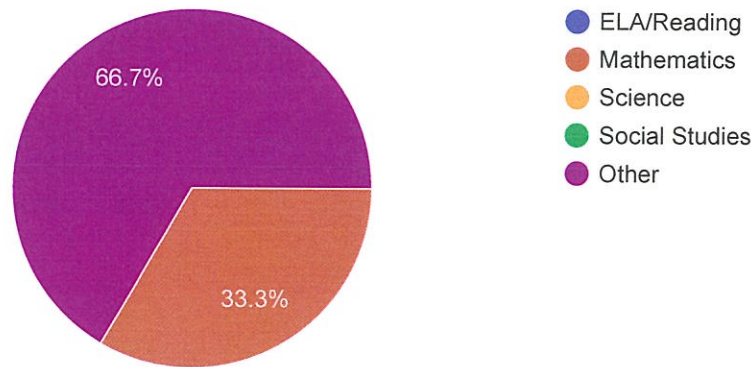

On a scale from 1-10, (1 = least; 10 = most), identify the level of impact on learning loss you have seen in your student(s) this year due to the COVID-19 shut down last spring and/or the impact of COVID-19 for this year/

Some students have obsessed about C-19 and had a hard time focusing on anything else. This improved as the year went on.

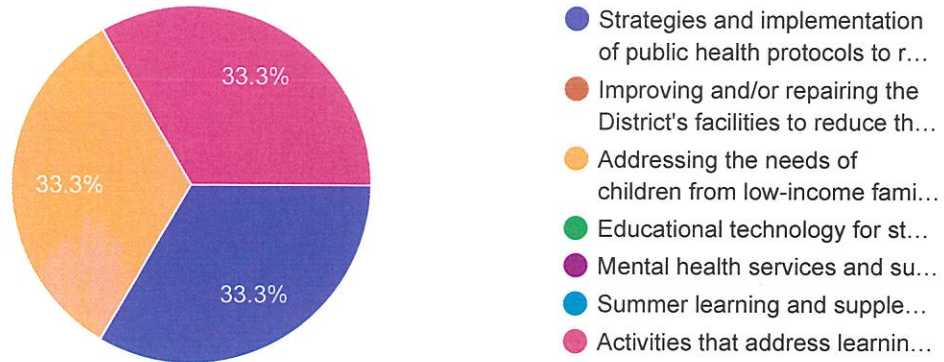

Consistent/regular exposure to rich speech & language

wearing masks during physical activity was difficult initially with breathing, verbal communication

Albany ISD is eligible to receive a total of \$756,562 from the ARP ESSER III Fund. In what areas below would you like to see the funding impact the most?
