

Communication Protocols for Confirmed Case on Campus

NOTIFICATION OF CONFIRMED COVID-19 CASE ON CAMPUS

9/8/2020

Dear Parent/Guardian and Staff,

In keeping with Albany ISD 's practices to respond to COVID-19, we are notifying all student families and staff that a **STUDENT** who was lab-confirmed to have COVID-19 was present on the campus of **ALBANY JR. SR. HIGH** on **FRIDAY, SEPTEMBER 4, 2020**. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her.

The health department has begun a case investigation and will contact any individuals determined to be in close contact with the infected individual. Those that were in close contact, as determined by the health department, will remain off campus for up to 14 days to ensure they do not have the virus, so that there will not be any further spread. We will keep you apprised of further updates.

While we do not have reason to believe that those who were not in close contact with the infected individual have reason to be concerned, we ask that you, as always, to watch for symptoms of COVID-19.

Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you or any member of the Albany ISD community does begin experiencing any of these symptoms in a way that is not typical, we encourage you to contact your physician. We encourage anyone in the Albany ISD community who is lab confirmed to have COVID-19 to please notify our school by contacting Lisa Russell or John Gallagher at 325-762-3384 or Glen Hill at 325-762-3974.

If you have any questions or concerns, please reach out to your doctor.

Sincerely,

Jonathan Scott

Communication Protocols for Confirmed Case on Campus

NOTIFICATION OF CONFIRMED COVID-19 CASE ON CAMPUS

9/12/2020

Dear Parent/Guardian and Staff,

In keeping with Albany ISD 's practices to respond to COVID-19, we are notifying all student families and staff that a **STUDENT** who was lab-confirmed to have COVID-19 was present on the campus of **ALBANY JR. SR. HIGH** on **FRIDAY, SEPTEMBER 11, 2020**. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her. The district was notified of this lab-confirmed positive case on **SATURDAY, SEPTEMBER 12, 2020**.

The health department has begun a case investigation and will contact any individuals determined to be in close contact with the infected individual. Those that were in close contact, as determined by the health department, will remain off campus for up to 14 days to ensure they do not have the virus, so that there will not be any further spread. We will keep you apprised of further updates.

Since this is our second positive case, we are requiring those closely connected to the individual (as determined by the district) to wear masks for at least 14 days. Additional measures will be required if the number of cases increase, including large group quarantines or campus and district shut down.

Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you or any member of the Albany ISD community does begin experiencing any of these symptoms in a way that is not typical, we encourage you to contact your physician. We encourage anyone in the Albany ISD community who is lab-confirmed to have COVID-19 to please notify our school by contacting Lisa Russell or John Gallagher at 325-762-3384 or Glen Hill at 325-762-3974.

Our goal is to provide a safe and healthy environment for everyone. We appreciate your support by doing your part.

If you have any questions or concerns, please reach out to your doctor.

Sincerely,

Jonathan Scott

Jonathan Scott

Communication Protocols for Confirmed Case on Campus

NOTIFICATION OF CONFIRMED COVID-19 CASE #5 ON CAMPUS

9/21/2020

Dear Parent/Guardian and Staff,

In keeping with Albany ISD 's practices to respond to COVID-19, we are notifying all student families and staff that a **STAFF MEMBER** who was lab-confirmed as of **Monday, September 21, 2020** to have COVID-19 was last present on the campus of **ALBANY JR. SR. HIGH** on **Friday, SEPTEMBER 18, 2020**. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her. The district was notified of this lab-confirmed positive case on **SEPTEMBER 21, 2020**.

The health department has begun a case investigation and will contact any individuals determined to be in close contact with the infected individual. Those that were in close contact, as determined by the health department, will remain off campus for up to 14 days to ensure they do not have the virus, so that there will not be any further spread. We will keep you apprised of further updates.

As of this morning, our district has had a total of five positive COVID-19 cases. Two of which have recovered and back on campus. Three are currently active cases.

Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you or any member of the Albany ISD community does begin experiencing any of these symptoms in a way that his not typical, we encourage you to contact your physician. We encourage anyone in the Albany ISD community who is lab-confirmed to have COVID-19 to please notify our school by contacting Lisa Russell or John Gallagher at 325-762-3384 or Glen Hill at 325-762-3974.

Our goal is to provide a safe and healthy environment for everyone. We appreciate your support by doing your part.

If you have any questions or concerns, please reach out to your doctor.

Sincerely,

Jonathan Scott

Communication Protocols for Confirmed Case on Campus

NOTIFICATION OF CONFIRMED COVID-19 CASE #6 ON CAMPUS

9/23/2020

Dear Parent/Guardian and Staff,

In keeping with Albany ISD 's practices to respond to COVID-19, we are notifying all student families and staff that a **STUDENT** who was lab-confirmed as of **WEDNESDAY, SEPTEMBER 23, 2020** to have COVID-19 was last present on the campus of **ALBANY JR. SR. HIGH** on **WEDNESDAY, SEPTEMBER 23, 2020**. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her. The district was notified of this lab-confirmed positive case on **SEPTEMBER 23, 2020** at 4:30 p.m.

The **health department** has begun a case investigation and will contact any individuals determined to be in close contact with the infected individual. Those that were in close contact, as determined by the health department, will remain off campus for up to 14 days to ensure they do not have the virus, so that there will not be any further spread. We will keep you apprised of further updates.

The district currently now has four active cases; 1 Student and 3 Staff.

Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you or any member of the Albany ISD community does begin experiencing any of these symptoms in a way that his not typical, we encourage you to contact your physician. We encourage anyone in the Albany ISD community who is lab-confirmed to have COVID-19 to please notify our school by contacting Lisa Russell or John Gallagher at 325-762-3384 or Glen Hill at 325-762-3974.

Our goal is to provide a safe and healthy environment for everyone. We appreciate your support by doing your part.

If you have any questions or concerns, please reach out to your doctor.

Dear Parent/Guardian and Staff,

In keeping with Albany ISD 's practices to respond to COVID-19, we are notifying all student families and staff that a **STUDENT** who was lab-confirmed as of **MONDAY, NOVEMBER 16, 2020** to have COVID-19 was last present on the campus of **Nancy Smith Elementary** on **FRIDAY, NOVEMBER 13, 2020**. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her. The district was notified of this lab-confirmed positive case on **MONDAY, NOVEMBER 16, 2020**.

The health department has begun a case investigation and will contact any individuals determined to be in close contact with the infected individual. Those that were in close contact, as determined by the health department, will remain off campus for up to 14 days to ensure they do not have the virus, so that there will not be any further spread. We will keep you apprised of further updates.

Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you or any member of the Albany ISD community does begin experiencing any of these symptoms in a way that his not typical, we encourage you to contact your physician. We encourage anyone in the Albany ISD community who is lab-confirmed to have COVID-19 to please notify our school by contacting Lisa Russell or John Gallagher at 325-762-3384 or Glen Hill at 325-762-3974.

Our goal is to provide a safe and healthy environment for everyone. We appreciate your support by doing your part.

If you have any questions or concerns, please reach out to your doctor.

Sincerely,

Jonathan Scott

- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you or any member of the Albany ISD community does begin experiencing any of these symptoms in a way that his not typical, we encourage you to contact your physician. We encourage anyone in the Albany ISD community who is lab-confirmed to have COVID-19 to please notify our school by contacting Lisa Russell or John Gallagher at 325-762-3384 or Glen Hill at 325-762-3974.

Our goal is to provide a safe and healthy environment for everyone. We appreciate your support by doing your part.

If you have any questions or concerns, please reach out to your doctor.

Sincerely,

Jonathan Scott

Communication Protocols for Confirmed Case on Campus

NOTIFICATION OF CONFIRMED COVID-19 CASE #35 ON CAMPUS

4/12/2021

Dear Parent/Guardian and Staff,

In keeping with Albany ISD 's practices to respond to COVID-19, we are notifying all student families and staff that a **STUDENT** who was lab-confirmed as of **MONDAY, APRIL 12, 2021** to have COVID-19 was last present on the campus of **NANCY SMITH** on **MONDAY, APRIL 12, 2021**. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her. The district was notified of this lab-confirmed positive case on **MONDAY, APRIL 12, 2021**.

The health department has begun a case investigation and will contact any individuals determined to be in close contact with the infected individual. Those that were in close contact, as determined by the health department, will remain off campus for up to 14 days to ensure they do not have the virus, so that there will not be any further spread. We will keep you apprised of further updates.

Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100.4 degrees Fahrenheit or higher when taken by mouth;
- Sore throat;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with a fever.

If you or any member of the Albany ISD community does begin experiencing any of these symptoms in a way that his not typical, we encourage you to contact your physician. We encourage anyone in the Albany ISD community who is lab-confirmed to have COVID-19 to please notify our school by contacting Lisa Russell or John Gallagher at 325-762-3384 or Glen Hill at 325-762-3974.

Our goal is to provide a safe and healthy environment for everyone. We appreciate your support by doing your part.

If you have any questions or concerns, please reach out to your doctor.

Sincerely,

Jonathan Scott
